Experience

5-10

Role Responsibilities

The successful candidate will work in partnership with leadership and will be responsible for leading the development of all technical aspects and content of projects, coordinating work with all disciplines to ensure an integrated set of deliverables, and verifying compliance through team collaboration.

Key responsibilities include:

- Leads project team from initial stages of pre-design, code, schematics and construction documents.
- Responsible for ensuring that all statutory requirements and project design concepts are achieved.

- Ensure all design deliverables meet internal and external project requirements, including time, budget, and scope.
- Continuously checks on project documentation and compliance with client requirements as outlined in contract.
- Proactively identifies, communicates, mitigates and resolves project-related issues.
- Comprehension of and compliance with QA/QC standards.
- Manage and coordinate workload of team and provide leadership of team activities.
- Communicate client objectives to team members in a clear and compelling way.
- Advance effective trade partner collaboration, leveraging design assist partners.
- Act as a mentor to staff.

Qualifications

Qualified candidates must have a bachelor's in architecture. Bachelor and/or Master of Architecture from an accredited program preferred. Architectural Registration and familiarity with entitlement requirements required. A minimum of 10 years of experience working on mid-to large-scale projects required. Understanding of VDC and interest in investing in maturing meta data in BIM. Strong attention to detail, presentation, client engagement, team building, organizational and communication skills are essential. Proficiency with E Builder, Autodesk BIM 360, Revit and dRofus.

Remote Work Flexibility

We offer our employees the opportunity to work remotely from home two days a week.

Benefits

- Paid Time Off (PTO)
- 80% employer paid healthcare through United Health (Hospitalization, Major Medical & Prescription)
- Short & Long-term Disability
- Life and AD&D
- Dental
- Vision
- 401(K) Plan
- Professional Association Membership (limit to two)

Equal Opportunity Employer

Fox Architects recognizes the value of diversity in our workforce. As such, we are committed to equal opportunity and consider all qualified employment applicants without regard to race, religion, color, gender, age, national origin, sexual orientation, gender identity, partnership status, protected veteran status, disability, or any other status protected by federal, state, or local law.
